 The book is the result of my research work of nearly three decades of youthful life . Albert Einstein s special theory of relativity has lost much of its significance . I am not an antirelativist, as many of the scientists who oppose Einstein s views are dubbed, as a consequence of, science, transformed in the modern times to something, hardcore like religion. Hence, science can t be opposed. True religion, like true science allows Trust, but verify principle. No theory is sacrosanct, but is subject to modifications, that is the essence of science. But unfortunately, theories like relativity have become mystified to hitherto, unknown possibilities, like time travel. Time travel implies aliens could have contacted us, even if the opposite hasn t happened, so that in a Universe of trillions of stars and planets, but is severely contradicted by the question Where are the timetravellers from the future ? FaceBook Inc. checked its accounts sometime back to check whether the same futurist has opened any account, with negative result. In Economics, the fundamental theories of Keynes,...
